

Constituent Comment Letter - Info and Instructions

Please use black ink - it copies well.

In the blank space in the first sentence after “and I am,” put whatever fits for you. For example, you might write *alarmed*, *concerned*, *somewhat worried*, *upset*.

If you are able to complete your letter right away and give it back to the person who shared it with you - that usually works best. If you need a bit more time – you may send your completed letter(s) to:

Linda Farmer email: mounthorebccl@gmail.com
PO Box 134 cell phone: 608 577-8507
Mount Horeb, WI 53572

We will make 3 copies of your letter – one each for your representative and two senators. These letters will be delivered in our June lobby meetings in Washington, DC.

Persons completing this letter will be added to the Citizens’ Climate Lobby (CCL) email list to receive further information and opportunities from CCL unless they opt not to share their email.

We have many blank copies of this letter to share and it may also be printed from a file that is available on mounthorebccl.info. Your input and effort is very helpful for our lobbying efforts! **Thanks so much!**
